Ek Bharat Shreshtha Bharat programme aims to enhance interaction & promote mutual understanding between people of different states/UTs through the concept of state/UT pairing. Every State and UT in the country is paired with another State/UT for a time period, during which they would carry out a structured engagement with one another in the various spheres. Aditya Institute of Technology and Management (A), Tekkali was paired with Amritsar Group of College, Amritsar by Ministry of Education through All India Council for Technical Education (AICTE). Both the institutions are interested to know the socio cultural life of paired state people and best practices of their Institutions for the benefit of students. In this regard, a series of online interaction sessions among students of paired Institutions are planned. Through these sessions students will share best practices, interact, discuss and develop solutions to problems faced by rural people in their states.
