“Ek Bharat Shreshtha Bharat” was announced by Hon’ble Prime Minister on 31st October, 2015 on the occasion of the 140th birth anniversary of Sardar Vallabhbhai Patel. Hackathon is a nationwide initiative to provide students with a platform to solve some of the pressing problems we face in our daily lives, and thus inculcate a culture of product innovation and a mindset of problem-solving. It is an innovative & out-of-the-box thinking in young minds, especially engineering students from across India. There are 42 students participated in the event. Seven student groups are there . They present their innovative solution in a lucid way. Four jury members evaluate the presentations. Some groups presented outstanding idea solution with innovative mindset. It really an inspiring one. All participants got e-certificate after the session.
