MIET/EVENT/23-06

Date: 29-05-2023

NOTICE

All Faculty Members and Students of Mangalmay Institute of Engineering and Technology, Greater Noida are hereby informed that “JAL SHAKTI ABHIYAN” under EBSB Club is going to organize a Workshop on “Water body cleaning and plastic collection” on **Tuesday, May 30, 2023**. It is mandatory for all to attend the session. Details of the event are as follows:

SPOC: **Dr. Ishwar Singh**

Venue: Block: A, 3rd Floor, Room No: 301

Date: May 30, 2023

Day & Time: Tuesday, 3:00 PM Onwards

Resource Persons: **Dr. Pradeep Kumar**

Dr. Sunjay Pachauri
HOD, CSE

CC to:
Director, MIET
Director, IQAC
Coordinator, MIET

Activity Report	
Academic Year	2022 - 2023
Name of Activity	" WATER BODY CLEANING PRACTICE AND PLASTIC COLLECTION FOR MEGHALAYA AND ARUNACHAL PRADESH UNDER EBSB"
Date of Activity	30/05/2023
Organized by	MIET, Greater Noida
Resource Person	Dr. Pradeep Kumar
Objective	<ul style="list-style-type: none"> ● To discuss the improvement of water quality in Meghalaya and Arunachal Pradesh ● Acquire Quality Water by reducing pollution, eliminating plastic dumping and minimizing release of hazardous chemicals and materials in Meghalaya and Arunachal Pradesh ● To explain about wastewater and substantially increasing recycling and safe reuse in Meghalaya and Arunachal Pradesh . ● To discussed about that Meghalaya and Arunachal Pradesh is facing the challenge to serve 17% of the world population with 4% of the world's freshwater resources. ● The session discussed the many measures resources to save water and also save land pollution in Meghalaya and Arunachal Pradesh by awareness among others
Brief Report	<p>Mangalmay Institute of Engineering and Technology, Greater Noida organized a guest lecture on Water Body Cleaning Practice And Plastic Collection For Meghalaya And Arunachal Pradesh" under EK BHARAT SHRESTH BHART (EBSB) for B.Tech students on 30th May, 2023. The program was started at 3:00 pm on 30th May, 2023 with the welcome of our speaker Dr. Pradeep Kumar, Associate Professor, MIET) with Tulsi Sapling by Dr. Sanjay Pachauri (HoD, Computer Science & Engineering). Dr. Pradeep Kumar shared his views on Water cleaning.</p> <p>Points of discussions-</p>

1. Industrial waste must be treated before discharge into the river.
 2. Industries on the banks of the rivers should be persuaded to reduce/ reuse/ recycle of treat waste water.
 3. Convert the river banks into pleasant and clean areas for recreation and walks. Planting appropriate shrubs and trees on the river banks would enhance the environment.
 4. Water cleaning plants Presently designated as a water stressed nation, Meghalaya and Arunachal Pradesh stores less than one-tenth of annual rainfall. Furthermore, disproportionate use of water for agricultural use, excessive ground water pumping and deficient monsoon in the last couple of years make the demand-supply balance more critical. As per NITI Aayog, India is facing water crisis with around 50% population experiencing high-to-extreme water shortage.
 5. Also plastic consumption has grown at a tremendous rate over the past two decades as plastics now play an important role in all aspects of modern lifestyle. Collection and disposal of plastic waste has emerged as an important environmental challenge and its recycling is facing roadblocks due to their non-degradable nature. The session discussed many measures to save water and also save land pollution by awareness among others..
- The whole event was successfully completed with the coordinated by Dr.Ishwar Singh and everybody appreciated the efforts of Department of Applied Science.

<p>Outcome</p>	<ul style="list-style-type: none"> ● Increase awareness of students and faculty members about the scarcity of clean water in Meghalaya and Arunachal Pradesh ● Water filtering process understanding ● Plastic free campus rally by students
