REPORT OF EK BHARAT SHRESHATH BHARAT

Cultural programme under activity of "Ek Bharat Shreshat Bharat" was organized in our Vidyalaya academic block at 4 pm on 29/01/2018. Our main objective was to give healthy information of Punjab culture to the migrated students of Bilaspur, Himachal Pradesh.

Under this activity a musical composition was selected with combination of singing and dance (Fusion Bhangra), Fusion Bhangra was combination of Punjab folk dances like Bhangra, Giddha, Jhoomer, Luddi, etc. It was performed jointly by Moga and Bilaspur students. Out of 19 migrated students, 16 students directly participated with costumes (Kurta, Chadra, Pagg, Lehenga, Chunni, etc.) of Punjab. More than 40 students participated in singing and dancing. Students of all classes participated including boys and girls. This was celebrated with great pomp and show. All students made it witness.

Through this activity, we tried to train students in folk singing and dancing and made them know about culture of Punjab. We try to give information about various aspects like language, folk dances, songs, Trinjhan, costumes, eating habits, utensils, old arms, jewellery, relations (Sass, Noonh, Babul, Nanad, Bharjai, etc.), plants, animals, casts, Sikh history, wars, braveness, health strength, gender equality, unity, youth, beauty, classic love stories with characters, emotions, etc.

Conclusion : we succeeded in our motive and objectives.

This activity was done under the guidance of Dr. Gurdit Singh, music teacher and leadership of Mr. Ravinder Kumar, Principal JNV, Moga.
