2. Venue : Jawahar Navodaya Vidyalaya Almatti DS Bijapur Dist, karnataka

3. Date : 20.02.2018

4. State pair : Bijapur (Karnataka) – Kanpur (UP)

Brief about event

One of the main features of Navodaya Vidyalaya Scheme is the exchange of students from one Navodaya Vidyalaya in a particular linguistic region to another vidyalaya in different linguistic region to promote national integration. Accordingly 30% of our JNV Bijapur students of class IX are migrated to JNV Kanpur (U.P.) and same number of students are migrated from JNV Kanpur (U.P.) to our Vidyalaya. The students who came here on migration stayed with us for one academic year and they had learnt Kannada language with enthusiasm. They had started learning Kannada with alphabets, words, sentences, proverbs and songs, at the end of the academic year they could conduct morning assembly activities in Kannada which shows the love for the language and the state. Likewise the students of JNV Bijapur (Karnataka) could learn Hindi very easily and they are in a position to speak Hindi so fluently and thereby there is a mutual bondage between the students U.P and Karnataka through language and appreciate the diversity of the nation and the unity in diversity.
