Rodrigues Institute of Technology conducted a slogan writing activity to spread awareness on “Swatchh Bharat Abhiyan” and a session on learning Oriya, the native language of Odisha, as a part of “Ek Bharat, Shreshtha Bharat” initiative, on 24th January 2020 in AX-207. Creativity was set loose and minds were set to developing catchy phrases as a part of slogan writing competition. Removing language as a barrier, participants were allowed to bring up slogans from varying languages. Once everyone was done with making their slogans, the participants were encouraged to read aloud their phrases and to write them on the board.

   The slogan writing activity was followed by the Odiya language session.

   The basics of learning a language stems from learning its roots and going through examples to understand the structure and pronunciation. Courtesy of Dr. Sanghamitra Mishra, SIWS College, Wadala, University of Mumbai, participants were provided with 20 Oriya words and their literal translations in English.
Furthermore, to better understand these words, she also gave sentences that demonstrated the use of these words. Students were guided in pronunciation by a fellow NSS volunteer who gladly agreed to teach the eager audience.
