

Govt. Engineering College , Kozhikode
Ek Bharath Sreshta Bharath Club

Date : April 1, 2020

Partner State : Himachal Pradesh

Venue : Kerala

Activity Name: April Cool – sapling planting

April 1 is usually observed as fool day. But our EBSB club observed it as cool day. In this lockdown period every member was instructed to plant a sapling or to preserve an existing tree in their home premises. Accordingly almost all volunteers participated in the activity either by planting or caring a tree. The intension of the campaign is to make earth cool in the hot summer.
