Before the donor camp was held, the MDRI doctor gave the awareness sessions for 7 minutes at each class on 9th September, 2019. Then after a camp was held, wherein, whosoever has decided to be a donor, he/she filled up the registration/consent form and gave a vial(4ml) of blood sample for testing. By doing so, the donor provides his/her commitment in case, if found as a complete match, to come forward when needed in the near future and donate the stem cells which are extremely vital to save that particular patient. A total of 24 registrations were obtained.
