

Report on WhatsApp Buddies Activity

Promoted by Institute for Excellence in Higher education, Bhopal, M.P.

Dated : 27-29/05/2020

-@-

Institute for Excellence in Higher Education, Bhopal, M.P. and its paired institute M. B. College, Imphal, Manipur ensured the formation of 12 WhatsApp Buddies among their students under digital initiative of EBSB. The activity was initiated on 27.05.2020 with the mutual consent of students of both the institute. It was possible only because of the outstanding help and generous support of EBSB coordinator Prof. D. Laishram of M.B. College. The pairs also encouraged to take up fun joint projects like writing a story jointly, translating songs or stories of each other's language, creating fusion music, fusion folk art, and dance or anything that can be done digitally and stored digitally. During a live interaction with students on 29.05.2020, the purpose of the activity was also discussed in details and ask them to take-up it as suggested. Hopefully, pair of buddies interact regularly with each other on their mutual areas of interest.
