Report on Activities carried out in the month of May under Ek Bharat Shrestha Bharat

An awareness drive about Ek Bharat Shrestha Bharat and Himachal Pradesh’s partner state, Kerala, was carried out online on 30-31 May 2020 under EBSB May month activities. The information on EBSB program and the various facets of Kerala including its history, geography, literature, culture and tourism was collected, compiled and shared with faculty members who actively participated in transmission of this knowledge to students and their parents and other contacts through their WhatsApp groups. They were also provided links to further online reading and viewing on EBSB and Kerala during this corona period. More than two thousand stakeholders including students, parents and staff were part of this online activity.
