Poster Designing

As part of the monthly activities of the EBSB Club of our college, a poster designing campaign was carried out on 01 July 2020. Each of the five Under Graduate Classes in the College was assigned a specific topic related to our paired State, Himachal Pradesh and it was decided that five volunteers from each class would gather and disseminate information regarding the same to all and thus, spread inter-state awareness. The topics were Movies, Literature, Languages, Major Tourist destinations and Sports of Himachal Pradesh. The Volunteers did it in the form of posters, keeping in mind its easy and pleasing accessibility and ability to attract people and create sustained interest in their minds. Altogether twenty five students joined hands in this venture and we circulated these posters through online platforms of the college.

The students, having imbibed the true spirit behind the EBSB Campaign, enthusiastically carried out the activity even without the incentive of prizes.

In the month of June, we created posters on Population & Administration, Cuisine, Culture, Art Forms and Historical Background of Himachal Pradesh. And in the backdrop of this ground work, we will be conducting an intra collegiate quiz competition regarding these ten topics on 28 July, 2020.

Thanking you
