### A Report on Screening of Documentary Organised by : Institute for Excellence in Higher Education, Bhopal Dated 21/11/2020

-0-

To provide deeper insight and understanding about the Nagaland state, a short documentary on Nagaland state named "Discovering Nagaland" was displayed through a link shared by the Institute on 21 November 2020 under the "Dekho Apna Desh" series. The documentary contained insightful information about various aspects of Nagaland state including its history, geography, culture, economy, etc. After watching the documentary, students were asked to answer some questions based on the documentary through a google form. The screening of the documentary was done under the supervision and coordination of Dr. Sadhna Pandey, a senior faculty of I.E.H.E. A total of 65 students have participated in the event and submit their responses through a google form.
