

Power point presentation

Waste Management and Energy conservation in Himachal Pradesh

16/ 04 /2020 (created)

EBSB Club members, Department of Chemistry

St. Xavier's College for Women Aluva, KERALA

It is an activity as part of EBSB and WWS (Walk With Scholar) to encourage students to apply their critical thinking based on their subject to analyse Himachal Pradesh's **Waste Management and Energy conservation**. The actual plan was to present it before the students. But due to lockdown the ppt was circulated among faculty members Whatsapp group (70 members) and student's Whatsapp group (80 members).

The presentation was based on following heads

The per capita waste generation rate in Himachal Pradesh

Institutional framework for waste management

Responsibility of the state government

Key challenges in waste management

Learning from international good policies

Opportunities in Waste Management

Recycling and Waste-to-Energy
