

## Indian Independence Day -2020

Freedom does not come without price, neither did ours. Never forget the bloodshed and brutality that our great nation has endured in the past. This year on August 15<sup>th</sup> 2020 India gears up to celebrate 74 years of independence. As times are tough and the entire world is in a standstill amidst the outbreak of Corona Virus, the EBSB club of TKM College of Arts and Science organized a virtual celebration of Independence Day via a Google Meet. The event was grand success thanks to the active participation of everyone.

It started off with Vishnu, the student coordinator of the club, welcoming the gathering, followed by the Presidential address by Dr. Muhammad Mustafa, RUSA coordinator. The program was officially inaugurated by the Principal Prof. E Najeeb. Moving on to the next event, an Inter-Collegiate poster making contest was conducted by the members of EBSB club in which many students have showcased their talents. The winners were announced by the Principal and were awarded a cash prize too. Next up was a melodic patriotic song sung by Anushma Biswas which rose the spirit of everyone. An event could not be completed without speeches. Yusuf, EBSB club member rose up to speak a few words on the topic of national integrity. It was a very rewarding speech to listen to. After that, the all-in-all of the EBSB club Dr. Sulfiya Samad talked about the **struggles faced by Himachal Pradesh during the time of Independence.**

The program came to an end with the speech of gratitude put forward by Thasni, EBSB club member and the national anthem was also sung by Sreelakshmi, EBSB club member.

The virtual Independence Day was a huge success thanks to the cooperation of everyone that attended.
