

EBSB QUIZ REPORT

As an initiative taken by the Government Of India , the Ek Bharat Shreshta Bharat (EBSB) aims to promote India's diversity , through linguistic and cultural interaction among students, and the EBSB committee of Thadomal Shahani Engineering College, is pleased to have played its part, and contribute to this, through a quiz centred around our paired state of rich culture and heritage, Odisha, which is the first event held in college with an aim to promote a mutual understanding, and integrate cultural and social alliances with our fellow countrymen.

The quiz was centred around the culture, heritage, history, politics, geography, and technology of Odisha. It was held in the Seminar hall, New Building on Saturday, 29th February 2020, from 12pm-2pm .

It comprised of 6 teams, of 3 members each , one from each branch(Computer, Information technology, Electronics and telecommunication, Chemical, Biomedical, and Biotechnology) giving it their best, and battling it out to clinch the coveted trophy, and bring glory to their respective departments by putting their minds together, and co-operating as a team.

There were 6 teams participating in the quiz, and was looked on by students, and members of the EBSB Committee of TSEC

There were 3 questions for each of the 4 categories(Culture, history, politics, and geography)- 1 for 10 points, another for 20 points, and a third for 50 points(this question had a negative marking of 20 points). The fourth round was a Rapid fire bonus round with 1 question from each category worth 100 marks, but had a negative marking of 30 points.

The prestigious trophy for which each team put up a tough fight

After an intense, and hard fought battle of 4 rounds, the chemical engineering department emerged victorious, and bagged first place with a mammoth 140 points to clinch the coveted trophy. The team consisted of Heet Vora, Rahul Singh, and Siddhesh Chalke, who put their minds, and knowledge together to guide their team to victory.
