

EARTH DAY REPORT

REPORT FOR THE MONTH OF APRIL

EVERY YEAR THE EARTH DAY IS CELEBRATED TO SPREAD AWARENESS AND CHERISH THE EXISTENCE OF MOTHER EARTH.

Earth day is globally celebrated on 22 April every year.

To show the support and love to our mother earth, we BANARASIDAS CHANDIWALA INSTITUTE OF HOTEL MANAGEMENT AND CATERING TECHNOLOGY, celebrated Earth day and keeping in mind the diversity of our paired state' .

The event commenced with an insightful speech by Mr. R.K Bhandari, principal of BCIBMCT, sharing his view on preserving nature, the environment, and the flora and fauna. Providing his valuable guidance to the young generation to stay respectful and caring to what's being given as a natural resource to them.

Beginning with a resourceful presentation on Sikkim and its life was presented in front of the guests. The presentation informed us that Sikkim is home to around 5,000 species of flowering plants, 515 rare orchids, 60 primula species, 36 rhododendron species, 11 oak varieties, 23 bamboo varieties, 16 conifer species, 362 types of ferns and ferns allies, 8 tree ferns, and over 900 medicinal plants. The presentation was not only based on its flora and fauna but also shared the contribution of Sikkim in making the earth a greener and better place

Moving forward in the event, a refreshing and educating quiz session was conducted for the students, where a large number of students participated and showed interest which made the event even more joyful and memorable. The winners of the quiz were presented with gift hampers, distributed by Mr. R.K Bhandari.

After a healthy competition, to make the event more interesting, a plantation drive was organized to educate the students on the importance of planting trees and taking care of them for the future generation. The plantation drive took place inside the college premises. Moving into the event further, guests

and students were served the delicacies from Sikkim prepared by the students of the kitchen team.

To conclude the event, traditional dances from Sikkim was presented by the students of the cultural team to showcase the traditions and culture of the beautiful state.

At last we must remember that it's our job to save our planet by planting more trees and remembering – reuse, reduce, recycle.
