(A constituent unit of MAHE, Manipal)

T. A. Pai Management Institute, Manipal

Report

Fusion Fiesta

Name of the Activity – Fusion Fiesta

Activity Date: 27th June 2024

Venue: F3 Classroom, TAPMI

Time: 9:30 AM

Report Description:

In celebration of India's Independence Day, a special event was organized for the student community to showcase the rich cultural diversity of different states across the country. Participants were asked to create short videos that highlighted the essence of their home states, including the vibrant languages, diverse traditions, and captivating cultural practices that define each region.

A link for video submissions was provided, and participants had a 10-day window to upload their entries, with submissions closing on 14th August 2024. After the deadline, all entries were sent to a panel of judges for evaluation based on creativity, cultural representation, and overall impact.

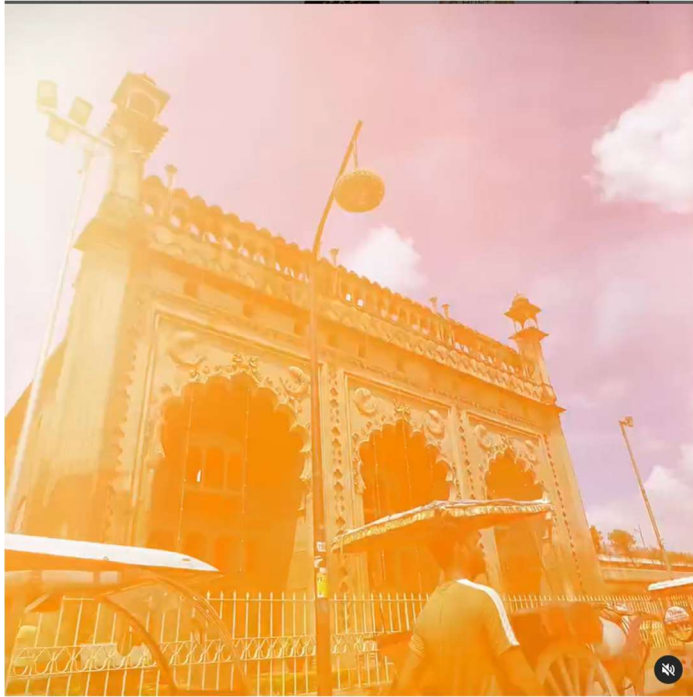

The best videos were selected and scheduled to be showcased in SC, TMA Pai Block, on 15th August 2024, right after the flag hoisting ceremony. This screening provided a unique opportunity to celebrate the nation's cultural diversity on Independence Day, while also encouraging students to explore and appreciate the traditions of different states.

The event was well-received, with participants showing great enthusiasm in representing their states. The videos not only demonstrated the cultural richness of India but also fostered a sense of pride and unity among the students. The selected videos were a highlight of the Independence Day celebrations, offering a colorful and educational glimpse into the diverse heritage of the country. The results were also declared on **EBSB_Tapmi Instagram** to give it more viewership.

Number of participants - 20

Report name – Infocus India
