Global Institute of Management

Bhubaneswar

AIDS Day Celebration

WORLD AIDS DAY is held on the 1st December each year and is an opportunity for people worldwide to unite in the fight against HIV, show their support for people living with HIV and to honor the memory of people who died. World AIDS Day was the first ever global health day, held for the first time in 1988. World AIDS Day is important because it reminds the public and Government that HIV has not gone away—there is still a vital need to raise money, increase awareness, fight prejudice and improve education. The students and the staff members of the institute observed the AIDS awareness program this year (1December 2019) with Skit plays, awareness rallies, cultural programs and distribution of the IEC materials to the public.

Venue: Symphony Mall, Bhubaneswar

Rally conducted at Hanspal, Bhubaneswar to Symphony Mall, Bhubaneswar

Date: 1December 2019
