Report for Learning the language of paired state

The event of learning language of paired state has been conducted on 10th January 2020 at CIT Campus. In this activity, we teach our native language (Tamil) to Jammu and Kashmir students as well as they learnt some basic conversations in Kashmiri and Hindi language from them. In this activity, student of third year Mechanical Engineering Mr. Dheeraj from Jammu & Kashmir shared more knowledge related to Kashmir along with language transfer. He showed interest to take few of our students to Kashmir under his guidance to learn and feel the things in presence. The students from Tamil mandram club are the active participants in this event and made the event fruitful.
