

## Report on the Poster Making Competition on No Plastic Drive

With the objective of spreading the ill effects of plastic and in line with the Government of India policy an intra department poster competition and reusing plastic competition was conducted in 19.09.2019. The participation from the students was at a high level. More than 150 students from the MBA class participated. The students presented number of Innovative working models explaining its uses to reduce the usage of plastic. Posters on various societal issues were also made by the students.
