Learning about ORISA

As per the activities of EBSB, Sanjivani COE has conducted the activity regarding learning about Orisa. In this activity two objectives were satisfied i.e. first one is learning the basic language of Orisa and second one is learn the culture of Orisa. In this activity students were divided into 5 groups, each group is having 9 members. Each group was assigned one task and the task was regarding information about the ORISA.

Students performing the task of finding information

In the task they were asked to find about information regarding five topics.

1. History of Orisa
2. Culture of Orisa
3. Language of Orisa
4. Food of Orisa
5. Tradition of Orisa

Five groups have collected the information about each topic. After complete collection of information each group has given the presentation of that information in front of other groups. In this way all the students have learnt all information about the Orisa State.

While Giving the Presentation

Students have written some sentences of Oriya Language. Also some sentences repeatedly pronounced by students.
