Video Conferences about COVID-19

Date: 12.04.2020, 16.04.2020 & 20.04.2020

As Social media is the only platform during this lockdown we are taking every possible way to aware students to know the importance of the situation. Mediums like Skype, Whatsapp, Google Duo are made to be used for communication with students and making them to know the importance of Quarantine and self -Isolation which are major aspects in eradicating COVID-19 from the community. Also students are made to discuss the same with their friends by using the same platforms. The conferences were held multiple times covering students strength over 40 at a time.
