

S.M.B. Government P.G. College, Nathdwara

Report- January 2020

College students and NSS volunteers underwent training in an eco-friendly activity “Making Paper Bags” in January.

Dr.Chakrapani Upadhyay imparted the training by explaining and demonstrating the procedure to all of them. He also described their utilitarian, cost-effective and ecological worthiness. In a four-day workshop, more than 5000 paper bags were made, displayed and distributed free-of-cost to local shopkeepers and villagers.
