## Report- March 2020

- College students and NSS volunteers underwent technical handyman training on **"Electrical fitting and maintenance"** at Shrinath Polytechnic College in March 2020.
- Dr. Chakrapani Upadhyay arranged a one-day, on-site training to install, check and repair electric lines, circuits, gadgets and appliances. Competent faculty also taught basic electrical safety protocols. Trainees felt equipped to help in fault-finding and handle electrical emergency situations at home or nearby.
