" कोरोना से कैसे बचे "

शे बहुत लीए बह मम की बूँदें
बुँदें फुली यह मम की बाँदें।
पर समझ अब निशुबने का है,
सब को बदलने का है।
रखा के उबलने का है,
कुछ करके गुजरने का है।
तो आओ हम सब मिलकर दहाँदे,
कोरोना को अब नरु से उखाँदे।
पर पर बैठे ही काम करें,
परिवार के साथ विभ्रम करें।
हाथों को जमकर धोए
सामून से मसलस कर धोए।
मास्क पहनकर पर से लिसके
किना बाँदें किन्हीं से ना चिँटके।
ना छुए ओस कस और मुँदी,
तभी बढोगे कोरोना से buddy
न चीमः बास मरु पर किसी के सँकोके लो जलस हे संकमल,
या कर लेगी तुझ पर गीद हो गस कोरोना आक्रमण।

"CORONAVIRUS AWARENESS"**

CORONA AWARENESS

All essential things our mother nature provide
From food to clothes to a shelter to hide.
It has got all rights to decide
When to go fast and when to slow the tide.

Corona pandemic is a result of disturbed ecology
Which says many things about human psychology
First humans destroy the nature and then nature retaliates
We need to understand the sequence.

Doctors, Police and everyone in their own way are
working as corona warriors.
They have been crossing all the barriers
To work for long hours
Since the safety of our nation lies in their shoulders.

It is absolutely humans' fault
Which has brought our progressive economy at halt.
Pandemic is effecting the world by default.
Consequently, corona warriors are being called.

Corona is a contagious disease.
But can be treated with ease.
It spreads through touching, coughing and sneeze.
So, don't move out of your homes, please.
