**Mode :** Online  
**Number of Students :** 33

## **Gujarati Sikho (Video Series I)**

Language learning has been one of the prominent motifs of the **Ek Bharat Shreshtha Bharat** Initiative. In order to master the language of the paired state Daman, the EBSB club members of Bharathidasan Govt. College Pondicherry, have been taking earnest efforts to learn the language. While learning, the students also attempt to teach their native tongue Tamizh - one of the oldest languages on earth to the students of Daman.

By constructing a bilingual tool, not only does the language acquisition of the students would improve but also their cognitive abilities. Therefore, in an effort to create a bilingual (Tamil & Gujarati) Language Learning tool, a short video has been conceptualized by the student fraternity of the EBSB club. This is the first video of the Language Inculcating Video series. Herein the students have introduced the most frequently used phrases used in the Tamil Lexicon as well as Gujarati. Hope this video will help both the native speakers of Tamil and Gujarati to get acclimatized to the other lingo.
