The National Level Webinar was arranged by the Science Club of NKT National College of Education for Women from 3pm to 4:30pm on Sunday, 24th May, 2020. The programme was co-ordinated by Dr. V. Jayashree Priyadharsini & Mrs. V. Sridevi, Assistant Professors of Biological Science-Education of NKT College.

Dr. S. Chamundeswari, Principal & Programme Director, welcomed the participants and the Resource Expert, Dr. M. Gopinathan M.D, D.M. Senior Resident, Lucknow. There were around 100 participants attending the webinar.

Cancer has been a common disease now a days. We come across many adult cancers. But much less is known about childhood cancer. It was an eye opener to the field of oncology. We hope to highlight and many were benefited.

Soon after the webinar. We released the National Level Online Quiz on COVID-19 Pandemic Awareness. The responses are overwhelming nearly 500 to 600 participants have collected the certificated from all over India.

The uniqueness of the quiz was we had picture multiple choice questions. Only some had such questions and we were pioneer from educational college, to have selected such questions. There were many good comments from the participants.
