UGC SPONSORED NATIONAL LEVEL SEMINAR

“RECENT ADVANCES IN CHEMISTRY”

A National Level Seminar sponsored by University Grants Commission(UGC) was conducted by the Department of Chemistry in Sri Meenakshi Government Arts College for Women(Autonomous), Madurai on 22.1.2020. Mrs. Gnaneswari, Principal-in-Charge delivered the presidential address. Dr. J. Arul Moli, Head of the Department of Chemistry welcomed the gathering. Dr.N.Kalaiselvi, Director, Central Electrochemical Research Institute(CECRI), Karaikudi delivered the inaugural address and a special address on “E-mobility in India and where are we?.” She stressed upon the replacement of fuel driven vehicles by Lithium battery operated vehicles. The second session was chaired by Dr. R.Ramesh, Coordinator, Centre for Organometallic Chemistry, Bharathidasan University, Trichy had delivered a special lecture on “Metal based drugs:From Serendipity to design”. The last session was on “Nanocomposite materials for electro-analytical applications” chaired by Dr.D. Ragupathy, Head of the Department of Sciences & Humanities, National Institute of Technology, Karaikal. The seminar has motivated the young minds to direct their spirit towards socially sustainable research in chemistry. Professors, Faculties and students from various colleges around two hundred have participated in the seminar and benefitted.

ABOUT THE INSTITUTION
Sri Meenakshi Government Arts College for Women(A) was established in the year 1963 on the banks of the Vaigai, in the temple city Madurai in the sprawling campus of 20 acres or 2687.86 acres with an ample provision of modern facilities. The college caters to the needs of 750 students with 17 UG departments, 15 PG departments including two AICTE approved MBA and MCA, 7 M.Phil. departments and 4 research departments. The college is re-accredited with 'B' grade in the 1st cycle by NAAC with 5.07 on the 4-point scale and a rank of 97 in NEET by MHRD.

ABOUT THE DEPARTMENT
The Department of Chemistry was established in 1968, functioning now with parallel section with a team of dynamic faculty members involved in a number of competing courses. Knowledge of chemistry. The department has been awarded a prestigious level at the academic year 2017. The department of Chemistry strives to achieve academic excellence through distance education, given the immense capabilities and knowledge of its students to take up the challenges of the changing world.

SCOPE OF THE SEMINAR
The seminar aims at fostering the recent research developments in different spheres of chemistry. This also provides a common platform for knowledge sharing among students, researchers, scientists and academicians. It will be useful to inspire and kindle the spirit of young chemists to the challenges provided by advanced technologies in chemistry.
