- b) The Paika vidroha
- c) The Barabati fort

The bloody page of ODiSHA's history started with the pointing spot "The great Kalinga war"

## #THE KALINGA WAR :

PRESENTOR:- Deeptimayee Pradhan

The presentation began with the saddest part of odisha by lefting some stolen moments.

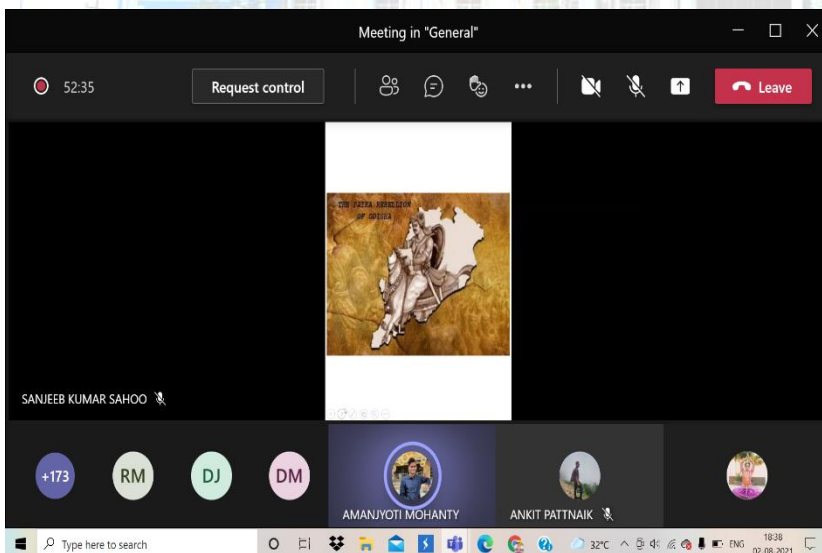

The topic covered the conquest which was held between the mauryan empire king, Ashoka and the kalinga raja, Anatha Padhmabhan. It gave an idea about how the brutal king Ashoka changed from Chankashoka to Dhramashoka. The death of thousands of soldiers and the blood-shedded field of Kalinga changed the heart of Ashoka, which made Ashoka to adopt Buddhism and

walked the path of Ahimsa or non-violence. We learned about the different kinds of edicts of Ashoka and its content in different parts of India. The Kalinga war became the first and last war in the history of Odisha and promoted an extraordinary peaceful region to the entire world and established peace in the time of chaos.

## # PAIKA BIDROHA

PRESENTOR: AMAN JYOTI MOHANTY

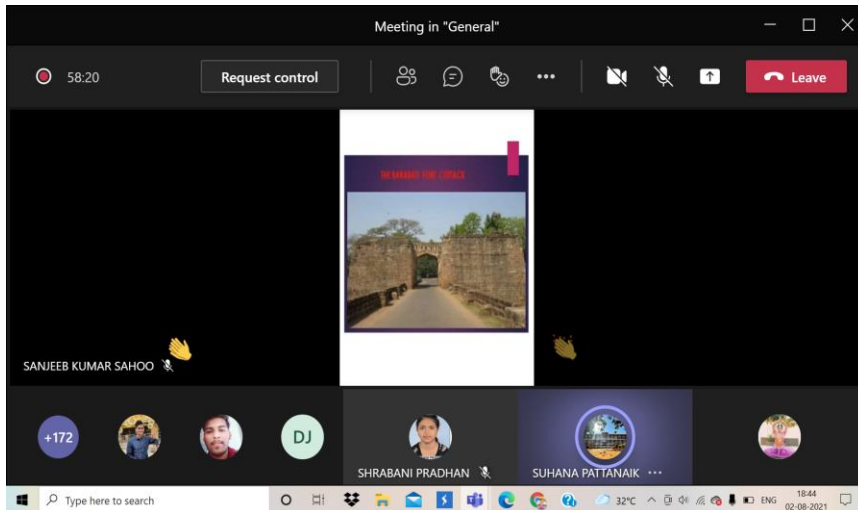

Not only Kalinga bidroha but also Paika bidroha is one among the fiercest wars.

It is said that: On the account of the 18th-century war of independence in history, that the Paika Bidroha clearly signifies that "Desh ka har Ek naagrik desh ka rakshak hai" (The war between Baxi Jagabandhu and the Britishers gives a clarity that he is ready to sacrifice his life towards the freedom and welfare of the people of Odisha).

ODISHA is a role model of INDIA.

## #THE BARABATI FORT

PRESENTOR: Suhana Pattanaik

Everytime it suffers a lot and also lost a most. BARABATI ; one of the beauty of ODISHA ,it also not escaped by the loosy eyes of foreign countries .

Barabati Fort are two most important historical places of Orissa. Set up by Odisha Government on the banks of river

Mahanadi over four acres of land to showcase the rich maritime history of Odisha during the colonial era, the museum stands on the site of the ancient Maritime Engineering Workshop that was established by the British in 1869. Apparently, this workshop was set up for building, repair and maintenance of vessels from the provinces of Bihar, Bengal and Odisha under the Bengal Presidency of British India. A library with more than 1000 books and journals has been included for researchers in the museum.

Barabati Fort, built by the Ganga dynasty on the banks of River Mahanadi, is one of the most sought-after tourist attractions of Cuttack. Located near the Baliyatra Ground, this ruined fort stands on the west side of the Millenium City.

According to historians, Barabati Fort once housed a nine-storey palace. While the fort is spread over an area of 102 acres, it has a 20-yard wide moat to protect the structure. What stands at the site today are the ruins of the palace on an earthen mound, the hyacinth-fi lled moat and the fort. The area is protected by the Archaeological Survey of India
