

NKT NATIONAL COLLEGE OF EDUCATION FOR WOMEN

(Autonomous)

NKT SCIENCE CLUB

MaramNadumVizha

28th August, 2019

Description: Maram nadum Vizha (Planting of Trees) by the College to augment the environment around with lush and exotic greenery.

Planting of trees is very crucial since ages. People are well aware about the importance of trees. What we might not know is that trees have the power to boost the immune system and they act as the most powerful detoxifying agents.

The Science Club of our College organized the MaramNadumVizha on the 28th of August, 2019. And, about 25 saplings were planted in the College campus. The

residents of Chennai face water scarcity from time to time and they know the importance of planting trees, for want of rain.
