National Webinar @ Pharmacy

I.T.S College of Pharmacy, Ghaziabad organized an interactive live Webinar on 21st April 2020 to acquaint faculty members, B.Pharm and M.Pharm students with “Updated information on Covid -19”. Dr. V. Kalaiselvan, Principal Scientific Officer, an esteemed personality associated with Indian Pharmacopoeia Commission was the speaker of the day. Dr. Sadish Kumar S., Director, I.T.S College of Pharmacy opened the session by welcoming Dr. Kalaiselvan and all the participants.

In his talk, he discussed about the Pandemic disease and its line of possible treatments. Dr. Kalaiselvan explained the current use of Hydroxychloroquine in treatment of Corona virus and its various side effects. He also advised not to use Hydroxychloroquine just for prophylactic purpose. He made aware about the reporting of ADRs via the use of toll free helpline number (1800 180 3024) launched by PvPI. At the end of session various queries were put forward by the faculty & students. Dr. Kalaiselvan quenched the thirst of participants about Covid by answering all the questions. He concluded that Pharmacists should join hands as Students & Faculty to reach out the society by spreading awareness about Covid-19.

To formally conclude the session, Dr. Sadish Kumar S. showed his gratitude and appreciation for Dr. Kalaiselvan. I.T.S College of Pharmacy is thankful to Mr. Arpit Chadha, Honorable Vice-Chairman, I.T.S-The Education Group to enlighten our paths in direction of knowledge even during the lockdown period.
