Office of the Nodal Officer, EBSB Program

Teacher's Day

The Office of the Dean of Students Student in collaboration with Student Council Committee conducted a webinar on “**Teacher’s Day**” which was held on **05-09- 2020** at 12: 00 Noon. The webinar started with an introduction by Dr. Anisa Jan (A. P.) / Dean of Students, IUST that there should be a strong bond between the students and the teachers in real life so that they shall asses and improve the education system better and the issues related to teachers and teaching. Mr. Rayees Yaseen and the webinar was carried forward by Mr. Murtaza Nabi and so on to Basira & Nowreen.

The main purpose of conducting such type of programs as highlighted by rest of the teachers that strong bonding between students and teachers of any institution makes the learning environment better and the teacher body in general shall be given due considerations as the role demands. More importantly, the thrust was given on what we expect from our teachers and in return what teachers are expecting from students. And it was a great experience to have the different views on the topic. At last it was resolved by all that there should be a more comprehensive mechanism for delivering the goods by both sides.
