#### Brief Report of the programme

The Department of Botany organised an online teaching programme on “**Role of ICT in Teaching Botany**” for the I<sup>st</sup>, II<sup>nd</sup> and III<sup>rd</sup> year, B.Sc Botany students, and faculty of Stella Maris College on 14<sup>th</sup> May 2020 between 10.00 to 12.00 noon. The mode of teaching platform used is Google Classroom. All the participants are requested to join the Google Classroom using the following class code: **gwfsmk**. Over all 92 participants joined in the class. This online teaching programme insisted on the Role of ICT in current education system.

ICT has remarkably transformed the way education is imparted. Nowadays the role of Information and Communication Technology (ICT), in the education sector plays an important role, especially in the process of empowering the technology into the educational activities. The use of ICT in education adds value to teaching and learning, by enhancing the effectiveness of learning.
