

Last Week of May: 2nd Phase of Relief given to the street children

The 2nd phase of the relief work has been arranged by the staff of the college observing the need and miserable condition of some poor children observed near the National Highway No 08. . According to the plan the relief was given to some poor children found near the National Highway 08. The relief packets contained food and hygiene materials. About 10 children were given the packets by the principal and other senior faculty members of the college.
