

SIR THEAGARAYA COLLEGE

Department of Physics

Chennai – 600 021

Academic Activities / Annual Report [2019 – 2020]

The Department of Physics makes every effort to impart value-based quality education to its students. The Department also does the needful to produce the employable and self-reliant graduates and devoted citizens.

The I year students were given a warm welcome. In the introductory session, the students were given a printed sheet containing the necessary / useful instructions and guidelines pertaining to discipline, academic activities, entrance exams for higher studies, competitive exams for jobs and tips for healthy and successful life [in order to make their 3 years of study / stay a fruitful and memorable one].

Apart from usual academic activities, the Department organized an essay writing competition, a Thirukkural writing competition, a special lecture, a Collage making competition etc., in order to promote basic science, human values and to achieve excellence in all aspects.

Dr. APJ Abdul Kalam Memorial Essay Competition [For II B.Sc]:

In order to inculcate the interest in basic sciences in the minds of the students and to commemorate the birth anniversary of Dr. APJ Abdul Kalam, the Former President of India and Renowned Scientist, an essay competition was held for the II B.Sc., Physics students during the last week of September 2019. The topic for the essay competition was; “Dr. Kalam’s contribution in the development of various fields such as education, space science, defense, medicine, etc.,” The following students won the first two places.
