

Report of Webinar

July 10, 2020

Punjabi University, Patiala, Punjab in collaboration with Yogi Vemanna University, Andhra Pradesh organized Ek Bharat Shreshtha Bharat webinar on “Breast Cancer in General and Tumour Suppressor p53 in Specific” on 10th July, 2020. Dr Suresh Kumar, Nodal Incharge, Ek Bharat Shreshtha Bharat, Punjabi University, Patiala welcomed all the participants of Webinar and gave introductory note on EBSB campaign initiated by Government of India to promote engagement among the people of all States / UTs in the country and foster cultural integration.

Prof. B S Ghuman, Vice-Chancellor, Punjabi University, Patiala presided over the inaugural session as chief guest and motivated participants through his inspirational talk. Prof. Ghuman appreciated efforts of faculty members of Punjabi University Patiala for taking initiative to promote EK Bharat Shreshtha Bharat Campaign by organizing EBSB webinar. He emphasized on the need of such relevant events and assured more programmes to be conducted in future under the banner of EBSB as per the protocol of MHRD. He welcomed Dr. Harish Chander, Divisional Head, national Institute of Biologicals, NOIDA as speaker.

Dr Harish Chander focused on incidences, risk factors of breast cancer, and general aspects such as how to detect and appropriate treatment options for breast cancer. Dr Harish also covered mechanistic approach towards treatment of breast cancer and involvement of tumour suppressor p53.

More than 200 participants registered for the webinar.
