

PG & RESEACH DEPARTMENT OF COMPUTER SCIENCE – EVENTS in Lock Down Period

Event Name: National Webinar on Effective Visualization Techniques on COVID-19 Dataset using Bold-BI

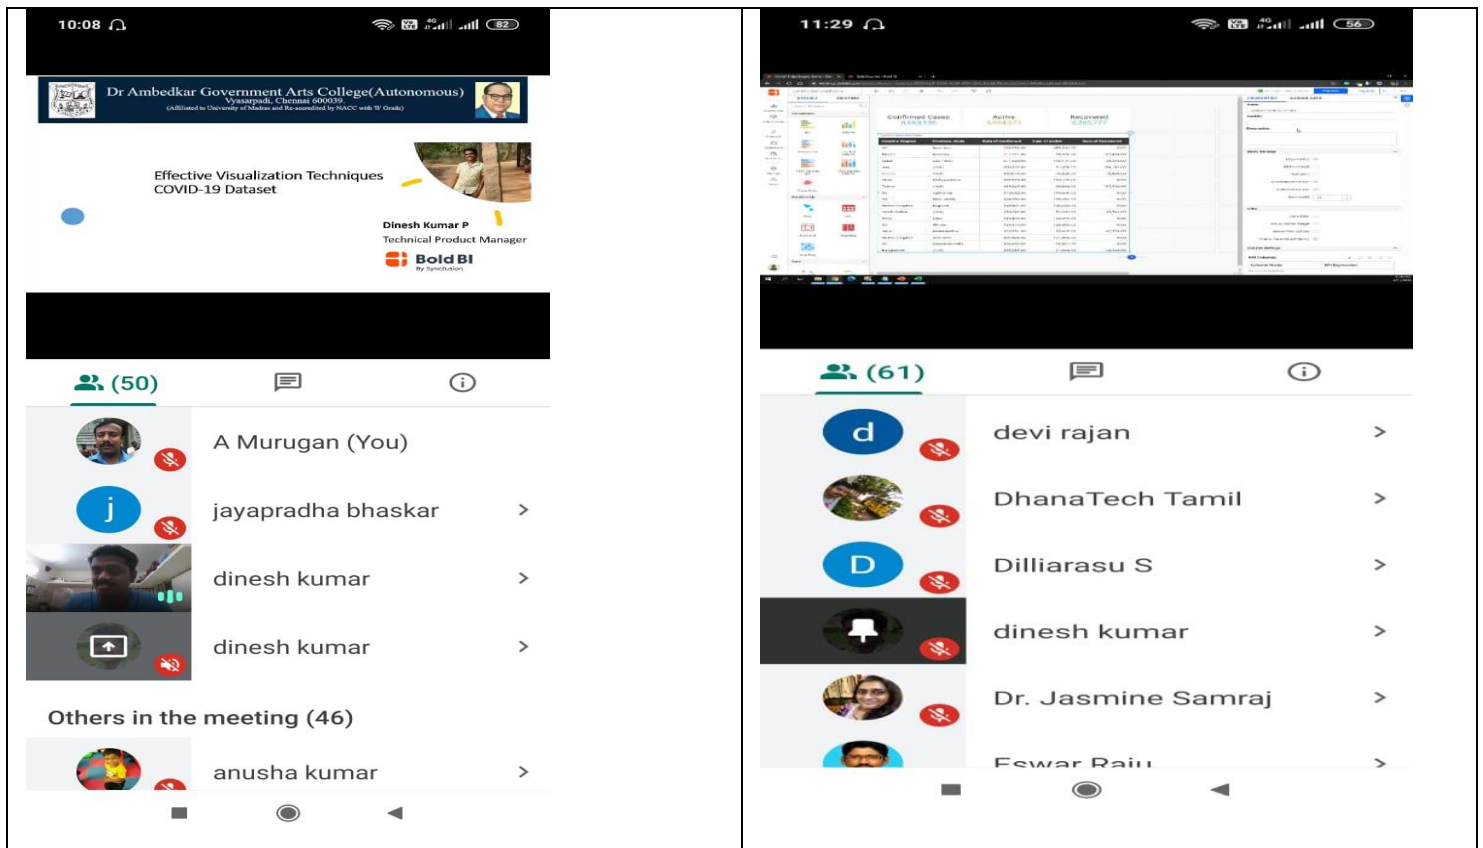

Event Location: Google Meet

Date: 21-06-2020 10.00-12.00

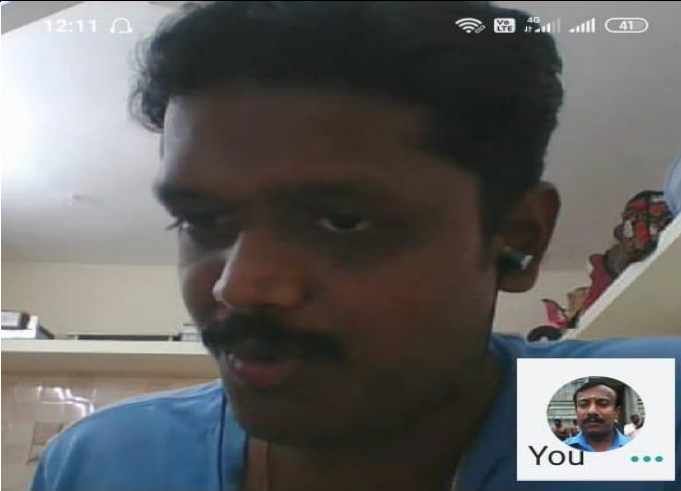

Number of Student Participated: 62 from various colleges in Chennai city, Tamil Nadu and from various cities of India.

The Department of Computer Science organized the fourth National webinar on **Effective Visualization Techniques on COVID-19 Dataset using Bold-BI**

Mr. Dinesh Kumar Prabhakaran, Technical Product Manager, SynCFusion Software, Chennai acted as the resource person and he has more than 7 year of Industry experience. His actual work started a day earlier where he included the mail-id of all the registered participants in Bold-BI tool and shared a Dataset for the audience to use it. The presentation starts with a brief on Data Visualization and its major role in current situation with various examples. He also gave hands on experience on Bold-Bi, a visualization tool on covid-19 Dataset. As the tool is a commercial tool he agreed to extend his support to use the tool over a period of one month, so that, the participants could get a real exposure over the tool. At last he concluded the session with a video depicting the power of Visualization. His session was informative and interesting and made the participants kindle their interest over Data Visualization.
