Voice:

“My four years in CMRCET were one of my best experiences I ever had. It gave me exposure to various extra-curricular activities along with great academics. It provided all the facilities and encouragement needed to attain high in life. Looking back, I can see my department was extremely important and a stepping stone in my career. It allowed me to develop my interpersonal skills, which are extremely important in any field of work. Although my family's background was an army background it helped me giving an idea how to join Army. Seeing myself dressed up in the uniform makes me feel proud and that itself is a proud moment, I really like to serve my country. Coming to my college days I was a notorious student, used to bunk college. NCC is very important to join the Army as it not only makes the youth responsible but also makes a successful leader.”
