“Reforms and Challenges in Education System Post COVID-19 Pandemic”

The topic is apt considering the current scenario. The Education System of our country is facing a tremendous challenge due to the COVID-19 Pandemic. Lot of reforms in the Education System is required for safeguarding our students' future. The students wrote elaborate and excellent essays on the given topic. They came up with some very interesting reform ideas. They wrote about the education system in general, the reforms to be initiated by the higher authorities, mental health of students, digital teaching-learning, local reforms to be implemented at college level, online internships, technical events projects and many more. Overall, the activity explored the ideas which the young students have on the “Reforms and Challenges in Education System Post COVID-19 Pandemic”,
