Venue : Kerala

Date : 03/05/2020 to 06/05/2020

State Pair : Himachal Pradesh

Brief Report : Doubts clearance about Covid-19

Report :

Due to lockdown many were unable to get trustworthy medical advices regarding their daily health issues. Taking this into account, EBSB Club of Government Engineering College, Kozhikode arranged an online platform for people to discuss and clarify their health related issues and doubts. The platform was created through Whatsapp group. About 110 members were joined in the group using link shared by us. The session handled by Dr. Sivakumar K, Medical Officer, Dept. of Homoeopathy, Govt. of Kerala. He described about Covid-19 disease, primary symptoms and precautions to be taken etc. He also cleared the doubts of students. This programme was very useful to all students and their neighbors.
