Event Title	Research Development Programme on ONLINE PLATFORMS FOR PEER INTERACTION IN RESEARCH	
Category	Faculty and Researchers.	
Date	From : 10.08.2020	To : 10.08.2020
No. of Resource Person	Ms. APARNA. R Assistant Professor Department of Computer Science and Engineering Ramaiah Institute of Technology Bangalore	
No. of Participants	232	

(1) Report Description

Guru Nanak College (Autonomous) affiliated to the University of Madras aims at paving the way in the pursuit of basic and applied research as well as fostering extension activities in various fields. The Guru Nanak Centre for research deems it as its duty to disseminate the up to-date scientific knowledge among the academicians involved in research. In order to promote research, GNCR provides support and guidance to enable faculty and students to take up research and innovative development relevant to industry as well as society. The objective of this RDP was to create awareness about Online Platforms for Peer Interaction in Research.

The RDP was inaugurated by Dr. M. G. Rangunathan, Principal with this vibrant Welcome Address. He welcomed the Speaker, dignitaries of the College Management, Faculty and the participants.

Dr. J. Jayanthi, Dean Research of Guru Nanak Centre for Research and the Convener of this Webinar greeted the participants who have gathered to show their support for the RDP

Dr. J. Vanathi, HOD, B.Sc(IT) introduced the Speaker of the RDP, Mrs. R. Aparna who is working as Assistant Professor at the Department of Computer Science, Ramaiah Institute of Technology, Bangalore. Mrs. R. Aparna has experience in both teaching and Software Industry. She has worked in Yahoo Software in a lead role before taking up teaching

Around 232 participants comprising of faculty members and research scholars actively participated in the RDP. All the Participants were given a certificate of participation. The participants were appreciative about getting an opportunity to know about the three important tools for researcher to interact with their peer online.

The Resource person started her Session by explaining how researchers can now use many online tools to promote and share their work. She also highlighted, how researchers can communicate with others, measure the impact of their publications, or access relevant information in their field. She specified that in this age of the internet, mobile devices, and social media, networking is becoming an essential way to stay in touch with colleagues, start new collaborations, and let the world know what you are doing.

Ms.R.Aparna focused her topic on Research Gate, its history , features , and how to create account on Research Gate . She also demonstrated through online about the various features on research gate. She also elaborated on Research gate and Academia.edu.

She gave an insight into the Handy E-Tools for researchers like Mendely free E-software that helps you to manage references automatically. She also demonstrated the software. She also elaborated on Google Scholar which is a one stop for links to scholarly articles. She demonstrated all the features in Google Scholar

There was a very interactive and lengthy discussion where the Speaker was happy to address all the questions raised by the Participants. The Participants told that they were fortunate to have attended this RDP as programs like this will address their queries related to E-Tools for research.

The Webinar concluded with the Vote of Thanks delivered by the Convener of the National Webinar Dr. J. Jayanthi, Dean Research, Guru Nanak Centre for Research, Guru Nanak College (Autonomous), Velachery, Chennai.

RESEARCH DEVELOPMENT PROGRAMME
10th August, 2020
Venue: The Guru Nanak Centre for Research (GNCR),
Guru Nanak College (Autonomous), Velachery, Chennai

The top of the interface shows a 'REC' button and 'Aparna R is presenting'. The right side features a list of participants with their names and profile pictures: RAMYA R and 140 more, Aparna R, Dr. L. R. S. Kalaithe, Dr. Nedunchezhiyan V.P., raji rajewari, and Sankala parthasarathy.

Social networking?

- ▶ Social networking is the use of Internet-based social media sites to stay connected with friends, family, colleagues, customers, or clients.
- ▶ Social networking can have a social purpose, a business purpose, or both, through sites such as Facebook, Twitter, LinkedIn, and Instagram, among others.
- ▶ Social networking involves the use of dedicated websites and applications to find and interact with other users with similar interests.

ResearchGate Score & Stats

- ▶ If you're into metrics, the ResearchGate score and stats offer lots to explore. The **ResearchGate score** is an indicator of your engagement on the site: the more publications and followers you have, plus the more questions you ask and answer, all add up to your score.
- ▶ They tell you how often your publications have been viewed and cited on ResearchGate (recently and over time), what your top publications are, and the popularity of your profile and any questions you may have asked on the site's Q&A section.

A screenshot of a presentation slide titled 'Introduction' with the Mendeley logo. The slide lists four key features of Mendeley:

- ▶ Mendeley is a research workflow tool and academic social network that helps you Organize your documents and references.
- ▶ Mendeley helps you collaborate with your fellow researchers online by joining and working together in groups.
- ▶ Mendeley can help you securely store datasets so they can be cited and shared.
- ▶ Mendeley can provide you with readership statistics and recommendations that help you stay up to date and learn more.

The slide has a green geometric background on the right side. At the top of the presentation window, it shows 'REC', 'Aparna R is presenting', and a notification for 'Rajini Bsc and 194 more'.

A screenshot of a presentation slide titled 'Introduction' with the Mendeley logo. The slide highlights Mendeley's cross-platform capabilities:

- Academic Software
- Cross-Platform (Win/Mac/Linux/Mobile)
- All Major Browsers

The slide includes icons for Windows, Apple, Linux, and Android, along with browser icons for Chrome, Firefox, and Edge. Below these are screenshots of the Mendeley interface on a desktop, a web browser, and a mobile device. The presentation window at the top shows 'REC', 'Aparna R is presenting', and a notification for 'Tamilselvi Ramakris... and 194 more'.
