### **Essay Writing**

**Name of the Activity** – Essay Writing Contest

**Topic** - How can modern technology help in saving the culture of Uttarakhand?

**Activity Start Date** – 12<sup>th</sup> July 2020

**Presenters** – Members of EBSB Club, TAPMI

#### **Report Description:**

Since long, the debate on preserving and protecting our culture has been going on at various forums. One of the hallmark pillars of our rich Indian heritage is the traditional cultural diversity brought by various regional states and the culture of Uttarakhand is one of the key contributors in the mix. The culture change is greatly influenced by modern technology which has changed every aspect of our lives by making things possible which seemed impossible in the past.

To provide TAPMI students a platform to share their thoughts and views, the EBSB club of TAPMI Conducted Essay Writing contest on "How can modern technology help in saving the culture of Uttarakhand?" on 12<sup>th</sup> July 2020. The word limit of the essay was from 800 to 1000 words. The members of the club circulated a google form to collect responses from students. The form was active for 3 days to give ample time to students to write and submit their essays.

Total five submissions were received from students which were evaluated by TAPMI faculty in the next phase of the contest. After evaluation, the top 2 essays were declared as winners.

The following students took part in the contest:

1. Harsimran Kaur Chawla - 19F123 (Winner)
2. Simrin Cherian - 19F552 (1<sup>st</sup> Runner-up)
3. Simar Chawla - 19B148
4. Kushal Mathew - 19H136
5. Rashmi Singh - 19F543

**Activity End Date** – 12<sup>th</sup> July 2020
