## **Role of Youth for Nation Building and National Integration**

**Day & Date: Friday 10<sup>th</sup> July 2020**

**Time – 11 AM**

India is the Nation with Unique combination of 138 crores population, 122 major languages and 1599 other languages, mother land for World's four major religions namely Hinduism, Buddhism, Sikhism, Jainism. It is the Nation whose fabric has been woven by diverse linguistic, cultural and religious threads, held together into a composite National Identity by a rich history of cultural evolution coupled with a rousing freedom struggle. Time and Technology have narrowed down distances in terms of connect and communication. Hon'ble Prime Minister Shri Narendra Modi mooted the idea of a sustained and structured cultural connect between denizens of different zones of the country. Thus emerged the "Ek Bharat Shreshth Bharat" Initiative.

This webinar is also part of this Initiative with collaborations of VNIT, Nagpur (Central India), NIT, Rourkela (Eastern India), IIITDM, Kurnool (South India), IIIT, Nagpur (Central India) and IGNOU (with All India Presence) represented by its Nagpur Regional Centre.

In India if you travel from South towards North, for every 100 kms you will find different dress, different taste food, different language or accent. When you reach Delhi or even Jammu, you will have vivid experiences. Similarly if you start from eastern India say Odisha towards western side say Mumbai, then also you will have multiple experiences. But, in spite of so many variations, you never feel discomfort. You feel safe and happy and enjoy the different cultures, different languages and different varieties! That is what we call as "Unity in Diversity". We feel the unique Indianness everywhere!

On the other hand, if you travel in USA from east to west, or north to south, you will see no difference. Everywhere English language spoken, same dressed people, same food! You don't find any diversity, as you see in India!

Thus you can understand the Indian phrase of "Unity in Diversity".

This Webinar will discuss how the youth will contribute in the Nation Building and National Unity and be integral part of this "Unity in Diversity".
