Number of participants– 20

Venue – Lecture Hall, T. A. Pai Block, TAPMI

Category- Offline (Debate)

Report name – Debate on ‘Is tourism in Uttarakhand a boon or a bane?’

Report Description:

The debate on the topic 'Is tourism in Uttarakhand a boon or a bane?' was then kick-started. The team speaking in favour of tourism touched upon aspects ranging from the importance of tourism in Uttarakhand in terms of creating livelihood and jobs for local people to creating awareness about unexplored places.

The team talking against tourism raised critical points like how the ignorant attitude of tourists is affecting the serenity of the Himalayan state. Towards the conclusion of the debate, the participants suggested various ways how the problems created because of tourism can be tackled like putting regulations, restricting number of visitors in peak seasons, implementing tough rules against littering among other solutions.

Overall, the event was well received by the attendees and the committee looks forward to organising more events in future that help in raising awareness about the beautiful state Uttarakhand.
