## AWANTIPORA, KASHMIR.

*Office of the Dean of Students*

### **Webinar on “Forex Trading”**

The foreign exchange market is a global decentralized or over-the-counter market for the trading of currencies and other commodities online. The webinar on ‘Forex Trading’ was conducted by the Student Council Committee under office of the Dean of Students, IUST. Several participants took part in our webinar from the state of Jammu and Kashmir and outside the state, on **23-June-2020** to learn basics about Forex Trading- delivered by Ms. Mehnaz Manzoor Beigh, a student of MBA-IB 3rd Semester, IUST. Ms. Beigh is an online trader, trading mostly on Gold and Oil.

The attendees asked their questions about forex trading and key challenges like how internet blockade can affect this online trading platform in the state of Jammu and Kashmir, which Ms. Mehnaz addressed during the one hour and fifteen minutes session. Ms. Mehnaz focused on the difficulties one can face in forex trading if he/she has no prior knowledge about the platform.

Fuzail Naqash also joined the session. He has an experience of 6 years in the field. He showered some light on forex trading by sharing his experience as a forex trader. They made the participants aware about the various platforms that are being used for forex trading; even Ms. Mehnaz took a live trade to demonstrate how the market functions and how we have to trade efficiently.

The webinar started at 11: 00 AM and was concluded at around 12: 15 PM. The members of Student Council Committee were also present in the webinar.

Dean of Students, IUST / Nodal Officer, EBSB Program encouraged such type of activities and hoped to bring out the best of students through such events, while ensuring that the participants learn through all possible ways- not just through books and classroom teaching.
