Monthly Report

March, 2021

Submitted to

MoE, Govt. of India

About the Event

The event was a webinar organized by Eco and Outreach club (Prayatn).

1. Under Jal Shakti Abhiyan :

Therein we talked about various threats that water pollution possesses and many other problems associated with it. We also discussed some potential solutions to it and talked about the steps that the central government and various state governments have undertaken to tackle the problem. Students also shared their ideas to conserve water.

2. Under EBSB :

We talked about the ecology of Rajasthan discussing forest coverage and water bodies in of the state and the environmental concerns it faces.

About the speakers

There were two speakers in this event.

1. Mridul Mayank, B.tech 2nd year, talked about water scarcity through related data and various steps that are being taken in India to tackle the problem. He also proposed some methods for water conservation

2. Gaurav Gupta, B.tech 2nd year, talked about the ecology and landscape of Rajasthan.
