are very famous)

Mangoes of Bihar  
are very famous.

Madhubani  
paintings are very  
eye-catching  
painting

I want  
to visit  
Bihar

# My Experience at Kala Utsav 2019

Before coming to Kala Utsav, I was very scared that no one will mix with people from a little hilly state in the North East i.e. Tripura. But the warm welcome at the airport made me feel really comfortable. Though the main reason to come here was competing against other states, but mixing with the varied cultures from different regions was what I enjoyed the most. Be it the energetic Bihari, the elegant, Mizoram, the intelligent Tamils — everyone here have become friends. I loved interchanging our cultural heritage, language food habits with other fellow teams.

Being from Tripura, we don't get to see the traditional folk dances and music live, but here I got the chance

to watch various folk dance like Jhalbeliya, Miza folk dances etc. I think the best thing about this utsav is that we get to meet new people, talk and mix with them and show our talents.

At last, I really enjoyed to my fullest here. I went for many trips before but this was the best tour till date. My teammates were very friendly and helpful, our guide teachers were really caring and all the people from different states were amazing. I would like thank MHRD, and NCERT, and RIE for arranging this beautiful Jala Utsav.
