**Report on Health Awareness Program**

6<sup>th</sup> February, 2020

The Poster exhibition on 'The World of Microbes – Beneficial and Harmful' was organized in our college in collaboration with Navi Mumbai Municipal Corporation on 4<sup>th</sup> February, 2020, under the EBSB activity. The event was inaugurated by honorable chief guest Dr. Mrs. Ujwala Utekar, Medical Officer, NMMC in the presence of Hon. Principal Dr. V. S. Shivankar and Vice Principal Dr. Shubdha Nayak, Head, Microbiology Department of our college. Around 150 students of the Microbiology Department presented / exhibited their posters to spread the message about the health awareness in general. All the posters were informative and self-explanatory about the various diseases. This exhibition was open for school and college students. Many students were benefitted with the knowledge about the microbes, health and diseases in general. The event was organized by Dr. Rajeshri Ghorpade, one of the members of EBSB club of our college.
