## **Awareness class on National Parks and Wild life sanctuaries of Himachal Pradesh**

- The North Indian state of Himachal Pradesh is located in the Himalayas. The untouched densely forested valleys, snow-capped mountains, and gushing rivers make up for the best natural habitat for many wildlife. These wonders of nature are preserved and protected within areas that have been identified and demarcated as national parks in Himachal Pradesh. Students of the EBSB club was give an awareness ppt class on the different Wild Life Sanctuaries and National Parks of Himachal preadesh on 25/7/2022.

Great Himalayan National Park, Bandli Sanctuary, Daranghati Wildlife Sanctuary, Kalatop Wildlife Sanctuary and Kanwar Wildlife Sanctuary are some of the wild life sanctuaries in Himachal pradesh. Great Himalayan National Park, Pin Valley National Park, Inderkilla National Park and Khirganga National Park are the important National Parks.
