

Onam Celebration Of Marian College Kuttikkanam

Title of the Event : **Onam Celebration**

State Pair : **Himachal Pradesh**

Documentary about the onam celebration:

Documentary Report: Tharangam - Onam Celebrations at Marian College Kuttikkanam

Date of Event: September 12, 2024

Location: Marian College, Kuttikkanam

Organized by: EBSB Club, Marian College

Onam is a major harvest festival celebrated primarily in the Indian state of Kerala. It marks the annual homecoming of the legendary King Mahabali and is observed with great enthusiasm by people of all communities. The festival, usually lasting for ten days, is a blend of cultural, religious, and social traditions. Key highlights include vibrant floral arrangements called Pookalam, traditional feasts known as Onasadya, and energetic boat races (Vallamkali). Onam also showcases various art forms like Kathakali and Pulikali. The festival symbolizes prosperity, unity, and the cultural richness of Kerala.

Marian College Kuttikkanam celebrated Onam with great enthusiasm, unity, and traditional fervor. The program, named Tharangam, was a grand success, bringing together students, faculty, and staff to celebrate the essence of Kerala's heritage and values. A week's worth of programs were held at the college, including a variety of onam games like vadamvali (tug of war), kozhipiditham (a traditional game), Malayali Manka and Purusha Kesari (a contest showcasing the rich traditions and culture of Kerala), a pookalam contest and many more fun and exciting games that created a lively atmosphere on the campus throughout the event and brought together the entire college to celebrate the culture of Kerala in a joyous and scintillating atmosphere.

EBSB club at Marian College Kuttikkanam has compiled all the media from the events to create a documentary to introduce everyone to the culture and heritage of God's own country Kerala, celebrated with vigor at Marian college Kuttikkanam. The making of the documentary was a lesson in knowing the importance of our culture and doing our best to preserve it. The youtube link of given document is:
